

"Holyoke's Fiscal Watchdog"

We need Kevin now more than ever!

Kevin Jourdain: Fighting for the People of Holyoke!

Learn More!

- ✓ **Keeping Holyoke affordable.** Kevin has earned his reputation as "Holyoke's Fiscal Watchdog." He fights for taxpayers, rejects wasteful spending and protects seniors and families from tax and fee increases.
- ✓ **Making our streets safer.** Our first responders need support to fulfill their mission and Kevin always has their back. He was the deciding vote to install a "Shot Spotter" network downtown to catch more dangerous criminals. He also has advocated for expanded community policing and worked to support the Fire Department.
- ✓ **Supporting our schools.** Kevin chairs the Joint Committee of City Council and School Committee. He worked successfully to get our schools back under local control. He also led efforts to bring city leaders together to build a new Peck Middle School affordably and without the largest proposed tax increase in Holyoke history, saving our homeowners and renters a massive amount of money. Kevin gets results for our kids and their future and he does it responsibly!
- ✓ **Pro-prosperity.** Kevin is fighting to clean up downtown including getting High Street repaved. He supports strategies to grow jobs and our tax base, making Holyoke a better place to live and work.
- ✓ **Providing checks and balances.** Kevin is not just a rubber stamp. He asks questions and says 'no' when needed -- like when he stopped an outrageous 30-40% pay raise for the Mayor and Council. Kevin also demands that city officials play by the rules.
- ✓ **A trusted voice, demanding accountability.** Kevin believes in full transparency and accountability from your city government. He has led efforts to establish regular performance reviews for city departments and to improve workplace safety for city employees. He's a hard worker. He is always prepared, ready to listen, and ready to deliver results. You can always count on Kevin to get the job done right for Holyoke!
